How do I manage my User Features?

Turn on/ off and manage Caller ID,Call Forwarding, Hot Desking, Voicemails, Faxbox, Conference Bridge, Find Me, Follow Me, Music-On-Hold and Inbound Call Recording for your users.

To Access User Features:

1. Click on the Users tab of Smart PBX, just left of the dashboard.
2. Within the Users tab, click User Features for the specific user.
3. This will show all available User Features, click on a specific feature and enable.
