

How do I set up my voicemail greeting over the phone?

Dial•97 to be connected to KAZOO's voicemail system. When logging in for the first time, you will be prompted to set a 4-digit password. After you do this record a new voicemail greeting and save.

NOTE: Feature codes are enabled when you add a Main Number to an account. If your customer is unable to access our voicemail system, please check to ensure a number has been added to the Main Number section of Smart PBX.

The screenshot displays the LogicomUSA SMART PBX dashboard. The top navigation bar includes the LogicomUSA logo, a 'SMART PBX' label, and a search bar. The main content area is divided into several sections:

- Dashboard:** Shows 'Total Users 14' and an 'Add User' button.
- Left Sidebar:** Contains navigation options: Numbers, Users (highlighted with a red circle), Groups, Main Number, Call Logs, Devices, Voicemail Boxes, and Feature Codes.
- Users Settings:** A table listing users. The first user is 'Andres Gomez' with extension '1119' and phone number '+1 908 481 9020'. A red circle highlights the user's profile icon.
- User Features:** A grid of feature cards for the selected user:
 - Caller-ID Number
 - Call Forwarding
 - Hot-Desking
 - Voicemails** (highlighted with a red circle)
 - Faxbox
 - Conference Bridge
 - Find me, Follow me
 - Music-On-Hold
 - Customized Call Recording
